Drug name

Cha De Bugre

Drug Uses

Cha De Bugre is a weight loss aid, general heart tonic, diuretic, and appetite suppressant in one.

- Decreases Appetite;
- Reduces Cellulite;
- Supports a Healthy Urine Flow;
- Supports your Heart;
- Stimulates.

How Taken

Take 2 capsules 3 times daily, one to one-and-one-half hours prior to a meal.

Drug Class and Mechanism

Cha De Bugre is a herb that has proven appetite suppressing effects and metabolism boosting power. Cha De Bugre is also rich in potassium and allantoin acid which has been demonstrated to burn fat and build muscle resulting in a reduction in the appearance of cellulite. With this supplement you can expect to increase metabolism, feel full by eating less, and lose weight. Join the thousands of Brazilians who use Cha De Bugre every day to have more energy, control their appetite, and stay trim!

Missed Dose

If you miss a dose of Cha De Bugre, take it as soon as possible. If it is almost time for your next dose, skip the missed dose and go back to your regular dosing schedule. Do not take 2 doses at once.

Storage

Store Cha De Bugre at room temperature, between 68 and 77 degrees F (20 and 25 degrees C). Store away from heat, moisture, and light. Keep Cha De Bugre out of the reach of children and away from pets.

Warnings Precautions

You should not use this medication if you are allergic to Saw Palmetto, or have certain conditions. Be sure your doctor knows if you have:

- a bleeding or blood clotting disorder (such as hemophilia);
- stomach ulcer with active bleeding; or
- ulcerative colitis or Crohn's disease.

Before taking saw palmetto, talk to your doctor, pharmacist, herbalist, or other healthcare provider. You may not be able to use this product if you have:

- liver disease;
- heart disease;
- a heart rhythm disorder;
- a history of stomach ulcer; or
- asthma or other breathing disorder.

Do not take saw palmetto without telling your doctor if you are pregnant or plan to become pregnant during treatment. Saw palmetto may be harmful to an unborn baby. It is not known whether saw palmetto passes into breast milk or if it could harm a nursing baby. Do not use this product without telling your doctor if you are breast-feeding a baby. Do not give any herbal/health supplement to a child without the advice of a doctor.

Possible Side Effects

Because Cha De Bugre is an all-natural nutritional supplement containing only the finest botanicals, there are no harmful side effects when taken as directed.

More Information

It is used so frequently in Brazil that a walk along restaurant row in the heart of Rio de Janeiro will reveal that Cha De Bugre is served hot as either a tea or even coffee.
