Drug name

Daily Best Dogs

Drug Uses

Daily Best Dogs is a balanced, comprehensive, high potency multivitamin/mineral formula to maintain optimal health in dogs. It is beneficial for breeding dogs, pregnant and lactating bitches and stud dogs.

How Taken

- Under 20 lbs: Give 1 tablet daily.
- 20 - 70 lbs: Give 2 tablets daily.
- Over 70 lbs: Give 3 tablets daily.

When giving more than one tablet, divide between AM and PM. This product contains sources of Pepsin, Bromelain and Protease Enzymes (hydrolyzes proteins) and Lipases (hydrolyzes triglycerides).

Drug Class and Mechanism

It is specifically formulated with a balance of vitamins, minerals, amino acids, fatty acids, digestive enzymes, antioxidants and other factors that work synergistically to maintain the physical well-being of your dog. It provides over 40 synergistic factors to help build health, including:

- Water and fat-soluble vitamins, including Vitamins A, C, D, E, K, and a complete and balanced Stress B Complex.
- Digestive enzymes ensure they reach the small intestine to help improve absorption and utilization of nutrients.
- Linoleic Acid (Omega 3 Fatty Acid) to promote healthy skin and coat.
- 11 vital minerals, antioxidants (Vitamins A,C,E, and Selenium) to support the immune system.

Missed Dose

If you miss to give a dose of Daily Best Dogs, give it as soon as possible. If it is almost time for your pet to take the next dose, skip the dose and go back to the regular dosing schedule. Do not double the dose to catch up.

Storage

Store Daily Best Dogs between 39 and 86 degrees F (4 and 30 degrees C). Keep Daily Best Dogs out of the reach of children and away from pets.

Warnings Precautions

No absolute contraindications. Consult your veterinarian if any specific condition applied.

Possible Side Effects

Daily Best Dogs is not known to have any side effects if given as per the prescribed dosage.

More Information

Nothing can replace a healthy nutrition of the freshest ingredients you can provide for your pet when it comes to promoting health and warding off both acute and chronic disease. Improving digestion and utilization of nutrients can help to prevent and eliminate a host of diet related problems such as eating stools, body odor, excessive shedding, flatulence and itchy skin.
