Drug name

Breast Augmentation

Drug Uses

Breast Augmentation is an all natural breast enhancement supplement formulated to naturally increase the size, shape and firmness of female breasts. It is specially manufactured with over thirteen unique herbs to assist in the development and natural breast enhancement of a woman's breasts.

Week 1-3

Your breasts will begin to feel fuller and 'tingly' as the circulation is enhanced.

Week 4-8

You will by now experience an overall increase in size and firmness. Your breasts will feel heavier and more curvaceous.

Week 9-12

In many cases you will need to increase the cup-size of your bra by week 9 of the program. Your breasts will have a fullness and firmness to them and you will feel completely different in your clothes.

How Taken

Simply take three capsules on a daily basis with a meal or full glass of water. Following this dosage recommendation, each bottle will last you one month. For optimum results we suggest splitting the capsules up throughout the day (for example 1 capsule in the morning, 1 capsule in the afternoon and 1 in the evening).

Drug Class and Mechanism

Breast Augmentation contains selected natural herbs that have natural estrogenic properties from plant sources called *phytoestrogens*. These natural estrogenic compounds help to promote the growth of healthy breast tissue. The phyto-nutrients contained in Breast Augmentation have many additional health benefits such as calming of hormonal swings associated with PMS and menopause. Breast Augmentation introduces exclusive formula that is the perfect marriage of traditional herbal remedies and the latest advances in modern science. Breast Augmentation contains phytoestrogens, which are naturally occurring non-hormonal plant estrogens which stimulate your body to produce new breast tissue growth. Breast Augmentation safely stimulates tissue growth resulting in bigger, firmer, and fuller breasts making it the 1 choice for breast development.

Missed Dose

If you miss a dose of Breast Augmentation, use it as soon as you remember.

Storage

Store Breast Augmentation between 59 and 77 degrees F (15 and 25 degrees C). Store away from heat, moisture, and light. Do not store in the bathroom. Keep Breast Augmentation out of the reach of children and away from pets.

Warnings Precautions

Breast Augmentation is a natural breast enhancement product that is a safe and effective way to enhance your own size and firmness without any harm to your health.

Possible Side Effects

Breast Augmentation is an all natural herbal dietary supplement. There are no known negative side effects. Of course, as with any dietary supplement, women with special medical conditions are recommended to consult their physician before use.
